

13th May 2020

Please register for the DFT APP the DFT Vehicle Booking system (VBS)

Since we started rolling out the DFT App we now see that approximately 70% of hauliers using DFT are now registered to use the App and were issued new cargo cards. This is great progress.

We are now moving to the next stage and

From June 10th, 2020 it will be mandatory for all truck drivers to use the VBS to laydown and collect containers from DFT so please ensure all sub-contracted hauliers using DFT are registered for the DFT App.

Driver check list;

- All drivers to be registered and have the new DFT ID card.
- Existing drivers can replace their old ID cards Monday – Friday 06:00 – 18:00 hrs.
- New drivers registration will continue on Wednesdays & Thursdays only. All details should be completed in advance and returned to our office as per attachment.

Videos are available on the DFT portal on how to use the App <https://portal.dft.ie/resources.html>, and also on the App itself under the “information button”.

Currently, DFCD will continue as normal but App check in will be available soon.

Drivers can also avail of help at the check in desk at any time.
